2 Dogs (Jack Russell's) Gordon & Lucy and a

cat called Alfie. Came to live in Damerham as it appeared to be a quiet rural village, handy for work in surrounding areas.

Hobbies :

Jane, swimming and becoming computer literate

Rebecca, Singing

Malcolm, Firework displays and computer problem solving.

Our House is a 2 bedroom semi-detached council house which despite central heating can still be cold during the winter months. It has lovely views overlooking open fields to the rear and the river to the front. The area is usually very quiet and tranquil.

IAN & ANGELA YOUNG

Ian, Angela, Matthew & Christopher Young.

We have lived here for 20 years (Ian & Angie) we moved from Breamore. We enjoy gardening and walking, DIY. Chris enjoys fishing, football, riding his bike. We have 2 cats Molly & Tiggy, they are both 12 years old.

This house was built just after the second world war, they forgot to put in the bathroom so they built it on the side of the house. It is a two up, two down, the only change we have done inside is to knock down a wall in the kitchen to make it larger, as for the garden we have put in a drive and totally changed the garden.

When we moved to Damerham, Penny Black was a Post Office, Parkfield was called the "The Gingerbread House" and was a Restaurant. The Compasses Inn had new Landlords June & Hugh Reilly. They had Jazz every Friday evening playing there.

My view on Damerham : Don't change village life, its great for bringing up children, but then the world is changing, they want to be doing more and it was different 30 years ago when I was a child.

EDITH JERRARD

Map Reference E2

I am Edith Mary Jerrard & my husband is Arthur James Jerrard who died in 1993. I have been retired from work for 17 years. I used to be the dinner-lady at the village school. During the war my husband was in the RAF and after that he worked for Rogers Bakery and after that he went Wellworthys. My husband

came to Damerham at school age after living in Sandleheath & I came here from Martin after

marrying Arthur 62 years ago. Arthur played Cricket for Damerham a lot and sometimes Football, the only hobbies I have are looking after my pets, mainly cats.

I have lived in 4 houses during my life in Damerham. The first two we lived in were the east end of Damerham, this was during my early married life. We had no running water or flush toilets, we had to go up the garden with a bucket. We then moved to West Park Drive and we lived there for approx 20 years, we loved living here as it was peaceful and we had a large garden. The last house we lived in is the bungalow I'm in now which is also in West Park Lane, it is a lot smaller than the last but I am close to my daughter and family here.

When I first arrived in the village there was a post office, a village shop and a bakery. At the cross-roads there was a green. The school is a lot bigger these days as there only used to be 2 classrooms and the toilets were outside. There used to be girl guides in the village. Charlie Percy owned a bicycle shop and people used to bring their horses to him to be shod. Mr Nicklen and my husband used to take bread around the village. Mr Nicklen had a cart and my husband had a bicycle with a basket on the front. We had a boot mender called Mr Tiller. The 3 sisters Miss Tiller were teachers and taught at Martin & Damerham School. At the time I arrived here Sir Eyre Coote lived at West Park. Fred Butler who lived at Hill Farm was the milkman, he used to deliver on his bike.

Japheth (actual first name! - comes from Bible - one of Noah's sons!) Rebecca Fredericks. Moved here in 1984 with my mother - Mary who sadly died in 1992 (Mum's maiden name was Loader and going back the name has some local family connections). My work recently Care Assistant, previously Shipping

Administrator. Father, Sid Finch who lives at Sandy Balls often comes to help with the garden & grow vegetables.

Used to have to park the car in the communal car park & walk back up lane. In 1998 I was planning to have own parking place dug out but then Council decided they would do so, so now have nice gates/fence & parking place.

We have lived in the village for 6 1/2 years our hobbies our DIY on a very big scale and horses. We own a Labrador but most of the village could tell you that. Our house was built in 1947 for the Police Authority it was still a Police house until we bought it 2 1/2 years ago. We have done a lot of work to it and are very happy here it's a great family home. Our first house was TRIPPS END, NORTH END which we loved but as our family grew we found it to small. The big thing we miss about that house was our neighbours.

This village is such a quite friendly village and we think a wonderful place to bring up a small family
